Passionate and adaptable Software Developer with 1+ years of experience in building responsive, user-focused web applications. Quick to learn and adapt to new technologies, committed to teamwork, code quality, and delivering impactful results. Dedicated to continuous growth and contributing meaningfully to the success and innovation of the organization.

EXPERIENCE

AlignBooks Info Solution

Software Developer

Sept 2024 - Present

Noida, UP

- **Architected and developed the GrowSkills Learning Management System (LMS)**, enabling structured video learning, quizzes, and module-locking with progress persistence — improving learner engagement and completion rates by 30%.
- **Architected the AlignBooks official website**, achieving a 90% satisfaction score from users by optimizing performance, accessibility, and cross-device consistency.
- **Redesigned and modernized the UI/UX**, implementing a mobile-first architecture with responsive layouts and continuous optimization for high performance across all screen sizes.
- **Implemented intelligent frontend caching** by storing API responses on first load, resulting in up to 40% faster page loads and improved repeat-visit responsiveness.
- **Engineered the AlignBooks Learn/Help portal** using modern UI/UX principles and structured learning paths, enhancing onboarding and product education for customers and partners.
- **Collaborated cross-functionally** with product managers, UI/UX designers, and QA teams to deliver features driven by real user feedback and evolving product requirements.
- **Leading the frontend development of FCA Integral's corporate website** (AlignBooks' parent company), focusing on scalable architecture, performance optimization, and seamless cross-platform experience.

SKILLS

Languages: JavaScript, Typescript, Python, HTML, CSS, NodeJs, SQL
Technologies/Frameworks: ReactJs, Redux, TailwindCSS, Micro Front End, ExpressJs, Shadcn Ui
Developer Tools: Redis, Git, Firebase, Figma, Postman

EDUCATION

Bachelor of Technology (CSE), *United Institute of Technology* | 75 % 2020 - 2024
Higher Secondary (XII), *Allahabad Intermediate School* 2020
Secondary (X), *Hilton Convent Sr Sec School* 2018

PROJECTS

GrowSkills by AlignBooks | ReactJS, TailwindCSS, ShadCN, Redux, Redux Persist

2025

[Link](#)

- Developed an interactive Learning Management System (LMS) enabling users to learn through video modules, quizzes, and progress tracking.
- Implemented module and video locking logic to track completion and unlock subsequent content.
- Integrated quizzes, notes feature using Quill.js, and onboarding tour using Driver.js for enhanced user engagement.
- Ensured responsive design and smooth user experience across devices and browsers.

Cab Booking Application | ReactJS, Node.js, Socket.io, MongoDB, Redis, JWT

2024

[Live Demo](#)

- Built a full-featured Uber-style cab booking web app with real-time ride tracking, separate user/driver dashboards, and Stripe payment integration for secure transactions.
- Implemented fare calculation logic, booking flow, and mock backend services to demonstrate seamless end-to-end functionality and enhance practical development experience.

ACCOMPLISHMENTS

- Recognized as **Employee of the Month** at AlignBooks for outstanding performance and impactful contributions in the early phase of employment.
- Published a **research paper** in Springer IEEE Xplore titled "Smart Waste Management System using IoT and ML" during college.
- Secured **1st Prize** in a Science Exhibition for innovative project development and presentation during school.
